         International S ubmission of Lead Information for
         IRIS Program

Ms. Mills:

 According to the error message I received below, you and the docket
did not receive the comments I filed via email for BCI on Friday. Sometimes
I receive these messages even when an email is successful. Could you please
let me know whether or not you received the comments and attachments via
email Friday. I was planning on today mailing the original to you and a
paper copy to the docket, but if the email failed I will instead have them
hand delivered immediately.
 Thanks very much and sorry for the confusion.
